

One day contemporary water colour workshop

In this dynamic workshop we will explore how to respond to the landscape with watercolours . We will be painting en plain air using the beautiful surrounds of the Byron Bay Hinterland as our inspiration, sourcing ideas from the environment around us and exploring this incredible, dramatic landscape.

Dominique will demonstrate how to use water colour in a contemporary, expressive way and move you towards abstraction with gestural brush strokes, colour and movement. We will talk about the feel of the work, the energy, issues and location.

A beautiful picnic lunch is included and the opportunity to converse with your fellow artists.

This workshop is suitable for all levels.

ART MATERIALS INCLUDED

But feel free to bring along whatever watercolours /papers materials you already have.

You will need....

A sketchbook and pencil for taking notes

Regular white rubber eraser
